

A group of Newts is often referred to as a congress, but we've had about enough of that...

At Red Newt a group of li'l newts is known as "a fleet."

The Eastern Red Spotted Newt begins its life in the water as a tadpole. You may have enjoyed a flight of wine before, but a fleet of tadpoles is just a little bit different and is way more fun! Build your own 'fleet' of Red Newt Tadpole™ wine, our Red Newt Cellars wines served in personal size 6 oz bottles, or grab a few to enjoy a tasting with your friends.

Tadpole™size/full size bottle
