Founded in 1998 by David Whiting and his late wife/chef Debra Whiting, Red Newt Cellars has been on the cutting edge of the Finger Lakes wine and food scene for decades.

Red Newt Cellars is run by a passionate, diverse and industry-leading team committed to building the quality and reputation of Finger Lakes wines and supporting the Finger Lakes agricultural community. Our team members enjoy a great work environment, engaging interactions with other team members and customers, and a sense of belonging to Red Newt and the community.

We are a family owned business, co-owned by David Whiting and Susan Waterbury, passionate about the Finger Lakes and New York State. Our wines are expressive of time and place with each vineyard site having its own personality and soul. We passionately believe in the synergy between food, wine, and place. This fuels our particular celebration and exploration of Riesling in the Finger Lakes.

We're always looking for qualified people to join our team. Even if you don't see your position posted, please consider submitting an application!
