

Red Newt has been making fantastic Finger Lakes wines for 25 years.

Our passion for Riesling is nothing new. You will find a broad selection of Riesling wine currently available from vintages as far back as 2013. You will not find a better selection of Red Newt Finger Lakes Riesling anywhere in the world!

AND, if you are looking for elegant aromatic whites such as Pinot Gris and Gewurztraminer, or fruit forward cool climate reds, the wine library at Red Newt is sure to please.

For the past two decades Red Newt has been proud to offer wine flights. This season we have reinvigorated our flight offerings with a variety of our library wines, and new releases.

TADPOLES

THE KNOLL RIESLINGS

6oz TADPOLE

The Knoll is a special two acre block of Riesling within the fifteen acres of Riesling for Red Newt at Lahoma Vineyards on the southwest side of Seneca Lake. The Knoll has been distinct from the time the vines went in. Planted with Geisenheim 239 Riesling, The Knoll is in fact a sandy knoll of land that rises over the rest of the rolling hills of Lahoma on a unique patch of Dunkirk sandy-loam. This soil type separates The Knoll from the other, slightly heavier, soils at Lahoma and is a relative rarity in the remainder of the Finger Lakes, but for Riesling it seems to be perfect.

GLACIER RIDGE VINEYARDS

6oz TADPOLE

Glacier Ridge is a small, perfectly manicured vineyard located roughly one mile north of Red Newt on the south east side of Seneca Lake. The steep pitch of the property, coupled with only six inches of 'arnot' topsoil before bedrock, results in a classic 'Banana Belt' vineyard: Warm, sunny afternoons and evenings throughout the growing season, all work in the vineyard done by hand, and reduced yields from the smaller vines. It is a vineyard that is, without question, a labor of love for owner and grower Tony Damiani, but the results are obvious in the glass. The concentration, fruit intensity, and smokiness of this site come through regardless of the vintage.
